

Help Us Get the Playground Ready!

A bucket has been placed next to the bench at the playground for anyone who would like to help with some weeding!

The HOA is planning to have fresh wood chips added to the playground area by the end of the summer, so we'd like to get the weeds cleared out beforehand. If you're at the playground and have a few extra minutes, please consider bringing your favorite weeding tool and pulling a few weeds. Every little bit helps!

A member of the HOA will be stopping by **weekly to dispose of the weeds** in the bucket.

Thanks to everyone who can lend a hand and help keep our neighborhood playground looking great!
